HOME AND BUSINESS SOFTWARE

PERSONAL ACCOUNTANT

A very powerful, but easy to use simple accounting program for household or business use. This program uses a time honored accounting practice known as "Double Posting Bookeeping" and can quickly organize all your financial information. Open as many accounts as you need, balance your checkbook instantly, track loans, charge card purchases, expenses and IRA's. Trial balance features reports ranging from trial balances to profit/loss, expense vs. income and assets over liabilities. An amortization table can calculate payments and changing rates, future values and growth tables. All this, and a built in separate database program to keep names, addresses, and other vital data at your fingertips. Nothing to memorize, the screens guide you all the way!

Item # ~~1006~~ 1027 $11.95

OMNICALC2 (Spreadsheet)

The unsurpassed all around best spreadsheet program for the TS2068. This program uses all the 2068's math functions to make it easy to design a sophisticated spreadsheet (much better than using a columnar pad!). The actual size of the spreadsheet can be as large as 99 columns across and 250 rows deep! Output can be sent to the TS2040 printer (not included) or to a full sized printer if you have one. Use this program for everything from cash flow forcasting to concrete stress analysis; from sales tax reconciliations to golf handicapping; from business to household budgets...OMNICALC2 opens the door for you to these and hundreds of other uses. This type of program is becoming very popular for home uses!

Item # 1133 $19.95

THINK-TANK ADVENTURE GAMES

(for the intellectual folks)

VELNOR'S LAIR

Lose yourself in the Goblin labyrinth, amoung Demons, Trolls, the Undead, and the Evil Wizard Velnor, and Medusa (remember the TV episode... do you remember how to take care of Medusa?), and others. A Warriors and Wizard, Swords and Sorcery Adventure that will give you hours of fun while picking your brain for solutions. A cheat sheet (if you need it) is provided with one of the solutions.

Item # 1079 $9.95

SMUGGLERS COVE

A pirates adventure with text and high resolution graphics. This game features twenty-seven locations, sixty-five objects and three levels of escape. The object is to escape from the cove with the maximum points using the best route while overcoming the pirates and sea monsters (amoung other things).

Item # 1041 $9.95

QUETZALCOATL (quit-sel-co-at-el)

A great adventure game with excellant graphics. You're trapped in multilevel ancient AZTEC Temple and you can only escape through the passage (if you can find it) but take too long to get out and you risk the vengence of the Gods therein. The best of both worlds -Graphics and Plot, make Quetzalcoatl a sure hit to all family members... You'll enjoy it time and time again.

Item # 1088 $9.95

3-D STRATEGY

You thought tic-tac-toe was easy ... now try it in three dimensions! Playing tic-tac-toe in a cube is very challenging and will provide you with hours of fun. Good graphics and rotating capabilities do help you to beat the computer...but it's not at all easy!!!

Item # 1042 $9.95

THINK-TANK & EDUCATIONAL SOFTWARE

CHESSPLAYER

Can you beat this talking chess fanatic...on all six levels of play? It's very doubtful, but give it a try! Plays chess according to Chess Federation rules, and will give you a good game. Change sides if you like -right in the middle of a game! Can print out the board and/or just the moves made to a 2040 printer. Set up and analyze board postions, many more features.

Item # 1040 $9.95

MINED OUT

Two beautiful girls somehow got themselves trapped in the middle of a mine field (how that happened I don't know), but now it's up to you to get to them, and lead them out (you'll love the gratitude they'll show you if you succeed). But, wait, it's not over yet (but you'll wish it was!)... now you've got to get them home...and more problems come into play.. like a bridge that has some real bad sections (they seem to occasionally disappear!). Don't worry, the girls will follow you whereever you go. But can you do it! GET YOUR COPY NOW!

Item # 1072 $9.95

XADOM (say-dum)

An arcade quality adventure game, but requires much thought, and maybe even drawing a "map" and making notes about different avenues of trial and error. Fantastic high resolution 3-D graphics & uses keyboard controls for moving characters. Multiple loading of different sections. On screen features include an inventory, score, power guage, interactive sword fights as well as traps, treasures, monsters and wizards! Choose your own level of difficulity and speed!

Item # 1043 $9.95

TS2068's NEW-WORK W/ MONITORS ONLY - $99.00

STARFIRE

A game of strategy and skill. You are the Commander of the only remaining EARTH SPACE AGENCY ship in the entire galaxy. The rest of your fleet has been wiped out by a powerful alien force, leaving you to navigate the entire galaxy and destroy the alien fighters SINGLE HANDED! Ten levels of play.

Item # 1085 $9.95

GHOST TOWN

An excellant adventure game that takes you back to the old West. The object is to find Old Jakes Mine and get the hidden gold that Jake hoarded for so many years. Then of course, find your way back to the town (where you started). Before you leave the town, you'll need to get "certain items" to help you to survive in the fearsome desert. A knowledge of what you'll need is helpful! Lots of fun here.

Item # 1083 $9.95

THE ISLAND

Ever thought of trying to find burried treasure on an Island? Give it a try (more likely many tries). You've just received word that there is treasure burried on an Island in the complex of Islands that surround your home. Your task is threefold: Find the Island, Locate the treasure, and return home to your own island. (Boat provided...but watch out for rocks!). Some moving graphics but logic is more important here than dexterity. Very challenging but you'll need pad and pencel (maps y'know).

Item # 1087 $9.95

LOST

You're hopelessly lost in a clearing surrounded by a forest and mountains with only five days supply of food and water (& winters just around the corner). Using your wits, a club or a stone, can you fight to survive, and fight the elements you'll be confronted with, to reach safety? A great graphics adventure.

Item # 1086 $9.95

SOFTWARE for the GAMBLER IN YOU

THE HANDICAPPERS (back by popular demand)

Use your 2068 to improve your performance at the track! These fine programs for THOROUGHBREDS, HARNESS HORSES, and GREYHOUNDS, combine the power of your computer with the savvy of a veteran handicapper. Spend a few minutes entering data, and THE HANDICAPPER will rank the horses or the dogs in each race. All the information is readily available from the Racing forms provided at the tracks. A diagram is even provided to show you where to look on the racing forms to get the information you'll need.

Horse racing factors include speed, class, past performance, post position, stretch gain, beaten favorite, jockey or drivers records, weight (for thoroughbreds) and parked out signs (for trotters). Greyhound factors include speed, past performance, class, favorite box, kennel record, breaking tendencies, and beaten favorite. Complete instructions and wagering guide are included! THE SAME PROGRAM (I KNOW- I CONVERTED IT!) FOR IBM COMPATABLES SELLS FOR THREE TIMES AS MUCH!

If you love to play Poker this program is definately for you! Now you can play Draw Poker just like the ones you've seen at the local arcades and night clubs. You can also play four hands of Draw Poker against the Dealers' one hand. Great graphics make this package a must for anyone that likes to play the game. Cassette has two programs. DEALERS DEN and DRAW POKER.

Item # 2003 $16.95

STOCK MARKET SIMULATOR $4.95

SOFTWARE for the GAMBLER IN YOU

LOTTO U.S.A

It's easy to play Gail Howards' acclaimed Percentage and Wheeling System to give you better odds playing the lottery! Now with LOTTO U.S.A., you can gain a FIVE-HUNDRED PERCENT WINNING EDGE, using the same system that was used by Tom Mayer and the Diehards that helped them win biggest jackpot in the New York State Lotto40! There are a total of seven complete wheeling systems in the 2068 version, and you can choose to play based upon historical data (that you must enter), or get random picks... just the best random pick routine ever used in any version of this program. Does not use RND, but rather simulates putting a number of marked (numbered) marbles in a hat, and then having you pick one or more out of the hat (while the marbles are continously being mixed). Then use your choosen numbers in one of the seven wheels. Later you can check for wins, and update historical data! Two versions are available for you. A compiled (FAST) version, and a BASIC listable version that operates completely (however very slowly). Output to a 2040 printer is provided. Completely Menu Driven. Separate documentation for each version. The documentation of the BASIC version is complete with author notes on variable use within the program.

Item # 1300 COMPILED VERSION $19.95
Item # 1301 BASIC VERSION $24.95

CASINO 1

High roller Casino action games lets you play "21", "Craps", or the "Slots". An initial betting stake gives you the change to "break the bank" or "lose your shirt" in this fast action program. It's a GOOD BET you'll enjoy this one. Try your luck before going to the parlors!

Item # 1022 $9.95

SIMULATOR SOFTWARE

TOMAHAWK

Yes, it's true, Hughes Aircraft Corp. had to approve this program for accuracy prior to its release! TOMAHAWK is as close as you'll get to flying and/or owning an APACHE AH64 ADVANCED ATTACK HELICOPTER! It's the meanest, deadliest combat helicopter ever to rule the skies! Designed to fight and survive, it's now available to you under your command. Test your skills in this awesome machine. It's all here, Doppler navigation and target tracking system (TADS), ground attack and air-to-air interception, and selection of training and combat missions. Full compliment of weapons systems... Laser guided missiles (the infamous HELLFIRES), 30mm cannon, and 70mm rockets. Keyboard and dual joystick controls. Fly yourself to victory from TRAINEE to ACE.

Item # 1039 $16.95

FIGHTER PILOT

Another great simulator from Digital Integration. Real-time flight simulation based upon the F15 Eagle, USAF air superiority jet fighter. This supreme simulation offers many of the features found on modern flight simulators to include a 3D view from the cockpit, fully arobatic performance, air-to-air combat, crosswinds, turbulance, and blind landing. Training modes for each option and a pilot skill rating for the varying difficulty levels are available.

ROMSWITCH OR SPECTRUM ROM REQUIRED.

As a member of an elete drug enforcement team you have uncovered and elaborate narcotics distribution scheme which involves an armoured car as the supply vehicle to carry the narcotics to the center of the city. While enroute you know that 4 vehicles will attempt to make pick-ups. You'll be driving a LOTUS TURBO ESPRIT- capable of 150mph. But, don't run over pedistrians! Fantastic moving graphics and city with "the works" stop lights, and big & small intersections!

Item # 1019 $12.95
